Style Options:	Flat Bottom , Stand up , side gusset , Zipper Top, With or without Window,

	Euro Hole , etc.
Printing:	Copperplate printing,Offset printing
Color:	Up to 10 colors or No printing
Artwork format:	AI,PDF,CDR,PSD,etc,
MOQ:	10,000pcs
Price:	Based on the product Materials, Dimension, Quantity, Printing colors and other customer's Requirements (Price posted for reference only)
Payment:	T/T, Paypal,Western Union, Trade Assurance accept
	30% bag cost+100% printing cylinders charge as deposit,70% balance before shipment
Sample:	1). Free & Nice stock samples offered just freight collect
	2). Custom samples 7-15 working days (Send by Express)
	3). Refund Part/Full sample fee after deposit received
Lead Time:	15-20 working days after design confirmed.
Port of loading:	Huangpu /Shenzhen/Hongkong , or As per your requirement
Packing:	export standard packaging cartons/boxes(≤ 25Kg), as per customized packaging

The Pictures of packaging bags

EN: CHARACTERISTICS

Super absorption: Only 100ml of this cat litter can absorb 280ml of liquid, dries all defecation and urine rapidly.

Super fast solidification: This litter has additional solidification ingredients, solidifies all in 5s.

Super deodorant: rapidly dries and covers all wastes with contain ammonia.

Caution:

1. Please store this sand in a dry place, humidity reduce its effectiveness.
2. Do not dispose of the litter in the toilet bowl, it will block the tubes.
3. This cat litter is designed only for cat's wastes, do not use it otherwise.
4. This cat litter is not toxic, but not edible, in case of accidental swallowing, see your physician immediately.
5. Do not let infants play with empty litter bag to avoid suffocation.

1

Fill the sand in the bowl to a thickness of 5 cm, so to avoid defecation drying in the bottom, do avoid overfilling the bowl so the cat doesn't spill the sand out.
Coloque una cantidad de 5 cm de altura de arena, evita el resquebrajamiento excesivo de la arena. No rellene el bowl que el gato no pueda cubrirlo a una altura de 5 cm para evitar que los residuos se resquebrajen al fondo. Evitar sobrecargar el recipiente para que el gato no desborde la arena.

2

After the cat does its business, this cat litter will rapidly dry and covers the wastes, it not only avoids the bad odors, also keeps the bowl dry, the wastes will not stick to the cat. Use the scoop to remove the dried wastes and leave the cat to use the litter. It is better to clean the bowl once a day.
Después que una gata ha usado el sanitario, la arena seca rápidamente y cubre los residuos, evitando así malos olores, también evita que los residuos se peguen a la gata. Use el recogedor para retirar los residuos secos y deje a la gata que use el sanitario. Es mejor limpiar el bowl una vez al día.
Luego de que el gato hace sus necesidades, la arena seca y cubre los residuos rápidamente. Esto no solamente evita el mal olor, sino que también evita que los residuos se peguen al gato. Utilice la pala para retirar los residuos secos y deje al gato que continúe usando el sanitario. Es recomendable limpiar el bowl una vez al día.

Do not put old litter in the garbage every 6 weeks, do not dispose of the litter in the toilet bowl, it will block the tubes.
No desquite el contenido del recipiente a cada 6 semanas. No desquite el contenido del sanitario, esto va a bloquear los tubos.
Evitar desquitar el contenido del sanitario cada 6 semanas. No desquite el contenido del sanitario, esto va a bloquear los tubos.

PT: CARACTERÍSTICAS

Super absorção: Somente 100ml desta areia pode absorver 280 ml de líquido formando torrões de fácil remoção.

Solidificação Super rápida: esta areia possui ingredientes de solidificação rápida, solidifica tudo em aproximadamente 5 segundos.

Super Desodorante: seca rapidamente e cobre todos os resíduos que contêm amônia.

Cuidado:

1. Guarde a areia em lugar seco, a umidade reduz a sua eficácia.
2. Não descarte a areia dentro do vaso sanitário, isso irá bloquear os tubos.
3. Esta areia é projetada apenas para resíduos de gatos, não utilize-la de outra forma.
4. Este produto é atóxico, mas não é comestível, em caso de ingestão acidental, consulte o seu médico de forma imediata.
5. Não deixe que crianças brinquem com o saco de areia vazia, para evitar sufocamento.

ES: CARACTERÍSTICAS

Super absorción: solamente 100ml de esta arena pueden absorber 280 ml de líquido secando las heces y orina de su gato rápidamente.
